

Alvarado's Escort retractable belt products are designed to provide effective, portable queuing for a wide variety of applications.

Three separate attachment points, the ability to lock belts in place, and a stable 14" diameter base enable the Escort to create virtually any queuing system configuration.

The Escort is the only retractable belt product to combine an extruded aluminum post with unique, decorative color trim strips.

Escort stanchions feature a weighted base with cover. An attached rubber floor protector pad is also included.

Posts are available in bright anodized or black anodized finishes. Base covers are available in chrome or scratch resistant black plastic.

Escort belts extend up to 7 feet, and are available in standard colors of black, blue and red.

Escorts are also available as a wall mount unit, with wall receiver.

- ***14" Diameter Weighted Base For Added Stability***
- ***Four-Way Belt Connection System***
